PROFILE

Cloud enthusiast with hands-on experience deploying applications on AWS using EC2, S3, CloudFront, Linux, and Docker. Focused on building secure, scalable cloud solutions and seeking an entry-level Cloud Engineer or Cloud Support role.

EDUCATION

Jetking Institute

Diploma in Cloud Computing with Ai

Prayagraj,
Uttar Pradesh

Arunachal University of Studies

Bachelor of Computer Applications

Namsai,
Arunachal Pradesh

TECHNICAL SKILLS

Cloud — AWS • **Operating System** — Linux, Windows server • **Containerization** — Docker •
Networking — TCP/IP, DNS, HTTP, etc • **Tools** — Git, GitHub, Bash, Shell Scripting, Jira

PROJECTS

Dockerized Web Application Deployment on AWS EC2 [🔗](#)

- Launched and configured Ubuntu EC2 instance on AWS
- Built and deployed a Dockerized Nginx web application
- Exposed container via public IP with proper port mapping
- Verified deployment through browser access and container logs

Static Website Hosting with AWS S3, CloudFront & IAM [🔗](#)

- Designed and deployed a static website using Amazon S3 for storage and hosting
- Configured IAM roles and bucket policies to ensure secure and controlled public access
- Integrated CloudFront CDN for global content delivery and improved performance
- Tested deployment and verified website accessibility via CloudFront distribution

CERTIFICATES

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate [🔗](#)

- Skills: Cloud Fundamentals, OCI Basics, AI Concepts, Cloud Security Principles

Cloud Computing Certification — Tutedude [🔗](#)

- Skills: Cloud Fundamentals, Virtualization, Networking Basics, Cloud Architecture, Service Models

AWS: Zero to Hero Certification—TrainWithShubham [🔗](#)

- Skills: AWS Fundamentals, Cloud Services Basics, IAM Concepts, Compute & Storage Basics
